

# EMPLOYMENT OPPORTUNITY

## MANAGER OF SWITCHING OPERATIONS – EDMONTON

Cando is a dynamic employee owned company in the business of supplying specialized services, quality materials and innovative solutions to customers in the rail sector and to those industries that depend on the movement of bulk materials. Cando is looking for a strong leader to manage its Edmonton switching operations which provides timely, effective and safe railcar switching services.

We are searching for an innovative, results-focused individual who is willing to accept the challenge of leading an effective Industrial Rail Service Team in a dynamic environment. The successful candidate will have a demonstrated track record in positions of increasing managerial responsibility in a railway, construction or heavy equipment environment. In a safety sensitive environment, the Manager of Switching Operations will possess strong organizational, communication and interpersonal skills. They will be a dynamic self-starter capable of managing additional switching operations in the greater Edmonton area as the need arises.

The Manager of Switching Operations is responsible to facilitate the operations of the switching site and ensure the seamless delivery of services to our customer. They ensure that all personnel and assets are utilized safely, efficiently and consistent with all contractual agreements with the customer. The Manager assumes a lead role in managing the day to day operations in addition to defining long term goals at the facility.

Top candidates will have experience managing in a fast-paced environment with a minimum of 1 year of railway operations experience and a minimum of 3 years supervisory experience managing a group of between 5 and 15 employees who work in a safety sensitive, cost effective and results oriented environment. Knowledge of TDG regulations is required. This is a full time position. Salary is dependent on qualifications and proven ability.

Please respond by Monday, January 30<sup>th</sup>, 2012 with a cover letter and résumé to:
