

EMPLOYMENT OPPORTUNITY

CLASS 1 or 3 DRIVERS – SPECIAL PROJECTS, BRANDON

Cando Contracting Ltd., a dynamic employee owned railway operator, full service railway support contractor, and railway material supplier based in Brandon, Manitoba, has a perfect opportunity available for Drivers possessing their Class 1 or 3 license with air endorsement. Drivers will be part of 2 person crews responsible for the operation of Cando's picker trucks, cutting of rail into 40 ft lengths, and loading of rail into gondola cars. For this Project, two (2) Drivers are required for a term of 8 to 10 months or until the project comes to an end.

The Driver will be responsible for the safe driving the picker truck on track and road. Working under the direction of the Supervisor/Operator, the Driver will also be responsible for filling out daily fuel reports, log books, and completing pre-trip inspections.

Top candidates will be CROR qualified, possess a clean driver's abstract, and be willing to travel for extended periods of time. Candidates must possess a valid Class 1 or 3 license with air brake endorsement, be able to demonstrate good driving habits, and have the ability to be safe on track. Car air brake endorsement and the ability to secure First Aid/CPR certificate is an asset.

The position will be working throughout the western prairie region with extended periods away from the home base of Brandon. A 10 day on 4 day off work schedule will be targeted however time on the road will be based on the customer's schedules and logistics with job schedules.
